

South Tahoe Public Utility District & Lake Valley Fire Protection District Multi-Jurisdictional Hazard Mitigation Plan Update PUBLIC WORKSHOP

South Tahoe Public Utility District (STPUD) and Lake Valley Fire Protection District (LVFPD) are working together to update their Multi-Jurisdictional Hazard Mitigation Plan (MJHMP).

You are invited to participate in the planning process!

The MJHMP identifies natural hazards, assesses risks, and outlines strategies to protect our community from disasters like wildfires, floods, and droughts. Updated every five years, the MJHMP keeps participating jurisdictions eligible for Federal Emergency Management Agency (FEMA) grants, while serving as a blueprint for protecting lives, property, and the environment.

Please assist STPUD and LVFPD by participating in our workshop and learning about the 2025 MJHMP.

Your input is crucial for building a safer, more resilient community. Join us in shaping our future together!

Attend the in-person meeting at:

STPUD Board Room
1275 Meadow Crest Drive,
South Lake Tahoe, CA 96150

**February 11, 2026
5:30-7:30 pm**
